### To All CBH Shareholders

WA Growers continue to face high cost of production and ever diminishing rate of return. We need a cost effective storage and handling system with an integrated supply chain to realize good returns to growers at low cost and at the same time maximizing demand in a competitive market place.

The upcoming District Director elections **will not** decide the structure of the CBH Group, there will be a vote in the future for all shareholders to decide this.

I am encouraging you to vote before the 16th of March and ask for your support in voting for Donna Lynch.

Many thanks to the Silver Chain Committee for the beautiful new resuscitation trolley that was presented on Wednesday 3rd March. This equipment ensures the everything required in an emergency situation is able to be in one place and used anywhere in the clinic. It is this type of generosity of the community (through the \$100 family membership) that allows this type of equipment to be available here in Hyden.

THANK YOU
